OFFICE OF PETITIONS

STATUS OF A MARCH 12, 2008 REQUEST FOR RECONSIDERATION  
OF JULY 11, 2003 PETITION

Hon. Commissioner for Patents  
P.O. Box 1450, Alexandria, VA 22313-1450

Sir:

A request for reconsideration of July 11, 2003 petition was filed with the Office of Petitions by facsimile with number 571-273-0025 on March 12, 2008, that is within limits set in Senior Petitions Attorney Nancy Johnson decision mailed on January 17, 2008 (deadline was March 17, 2008). This request was reiterated once with same facsimile number and twice with facsimile number 571-273-0125 from three different cities.

Could you please have petitioner informed of the reason why this request has not yet been entered in the transaction history of the patent case?

A request for reconsideration sent by facsimile with number 571-273-8300 on September 03, 2007 to the attention of Office of Petitions was not yet entered on September 18, 2007 in the transaction history of the patent case. A reiteration of this request sent by facsimile with number 571-273-0025 on September 19, 2007 was necessary to get said request entered in said history.

Submitted with deference,

*Philippe BERNIA*

DOCUMENTS AND COMMENTARIES  
FOR MARCH 15, 2008 REQUEST FOR RECONSIDERATION

Outstanding Petition filed July 11, 2003 and reentered March 15, 2008

Hon. Commissioner for Patents (ATTN: Office of Petitions)  
P.O. Box 1450, Alexandria, VA 22313-1450

Sir:

In previous request for reconsideration, it was referred to pages 24-25 of the pamphlet, which was in vigor in 1992, as a "General Information Concerning Patents – a brief introduction to patent matters- " published by the U.S. Department of Commerce – Patent and Trademark Office – in 1984. These pages and the cover page of this pamphlet are reproduced below. It was also referred to page L-13 of July 1989 version of U.S.C. title 35 and to page L-14 of November 1992 version of U.S.C. title 35, pages where appears article 154 of said title at the time. These pages are reproduced below too.

In same request, re United States v. Winstar Corp. et al. (95-865), 518 U.S. 839 (1996) before the Supreme Court of the United States, re Centex Corp. v. United States, 395 F.3d 1283 (Fed. Cir. 2005) and re First Heights Bank, FSB v. United States, 422 F.3d 1311 (Fed. Cir. 2005) were cited as relevant cases of US common law ("Winstar" cases). First page of these decisions will appear below.

As commentaries, it should be added to the damage section of said request for reconsideration that a condemnation by a court of the PTO for abusive reduction of a patent term in a breach of contract wrongly based on URAA would make publicity to other patentees disappointed for same reduction and would put PTO at risk of facing a class action claiming globally still heavier damages.

Respectfully submitted,

Philippe Berna, Petitioner Pro Se
